ACN: 601 164 505

Aurora Labs Limited ("Aurora" or "the Company") (ASX:A3D), is pleased to announce it has executed a binding Service Contract with Gränges AB for a Non-Recurring Engineering Research Project (NRE-1).

The research project will explore the material properties the parties can develop using their combined expertise in Aluminium alloys and Additive Manufacturing, with a particular focus on alloys for the automotive sector. The timeline of the project is expected to last over nine (9) months and have a maximum value of USD \$250,000.

Aurora's Managing Director David Budge said;

"Executing a binding contract with high calibre partners such as Gränges AB is excellent validation of the potential of the RMP-1. This engineering project is the first step towards securing an RMP-1 presale agreement with Gränges and we look forward to an ongoing mutually beneficial relationship with them."

Ends.

Approved for release by the Company's Board of Directors.

FORWARD LOOKING STATEMENTS

This announcement contains forward-looking statements which incorporate an element of uncertainty or risk, such as 'intends', 'may', 'could', 'believes', 'estimates', 'targets' or 'expects'. These statements are based on an evaluation of current economic and operating conditions, as well as assumptions regarding future events. These events are, as at the date of this announcement, expected to take place, but there cannot be any guarantee that such events will occur as anticipated or at all given that many of the events are outside Aurora's control.

Accordingly, Aurora and the directors cannot and do not give any assurance that the results, performance or achievements expressed or implied by the forward-looking statements contained in this announcement will actually occur.
